PSITM

What do you write everyday?

Your name and address? Your company's? Are you tired of writing out the same information on the same forms for the same people?

Think of the time you will save when you use our PSITM Self-Inking Stamps!

Precision crafted, ergonomically designed self-inkers do the job with just a push!

Modern PSITM Self-Inking Stamps won't get your hands messy like old-fashioned rubber stamps and ink pads did, and the impressions are clean and accurate every time. Need a reproduction of your signature on thirty different pieces of paper a day? Not a problem with your PSITM Self-Inking Stamp!

Why PSITM Self-Inking Stamps:

- Virtually noiseless operation
- They last 2-3 times longer than any other self-inker on the market
- Can be re-inked for even more impressions
- Full size visible index label
- Optional Slim Stamp[™] case is available for 6 of the 7 sizes
- Five colors of ink are available: Black, Red, Blue, Purple & Green

PSITM Self-Inking Stamps are perfect for home, school, office, factory, and more!

SLIM STAMP™

Six sizes of PSI™ Self-Inking Stamps are available with an optional Slim Stamp™ case. This enables you to convert your stamp into one that travels in your purse, pocket or briefcase. Simply slide the die box out of the PSI™ and slide it into your Slim Stamp™ case.

**PSI™ & SLIM STAMP™
Re-Inking Instructions**

1. Slide die box out by pushing from one end.
2. While holding the die box in one hand, place a few drops of MaxLight™ Ink in each hole. Do not touch the printing surface or place the die box on anything (ink may stain the object).
3. Return the die box to the PSI™ or Slim Stamp™. Let sit overnight. Repeat if necessary.
4. Always use MaxLight™ Ink to re-ink your PSI™ or Slim Stamp™. MaxLight™ Ink is available from your local rubber stamp dealer.

Other points to consider about your PSI™ Self-Inking Stamp:

- The type of paper the impression is made on will determine its drying time. Your stamp is not intended for use with glossy paper.
- The dust cover allows you to keep your stamp clean when not in use. If the surface of the stamp does get dirty, place cellophane tape directly on the stamp surface and remove. The tape will remove loose particles and enable the stamp to make better impressions.
- If you get ink on your fingers, use rubbing alcohol and then soap and water.
- To avoid stains, keep away from clothing.
- Keep your PSI™ Self-Inking Stamp away from children.
